To who it may concern,

My name is Michael Rushton, I am currently on the coaching staff for Gilbert high school and also with Blue Chip Club. I have coached Jay for the past 3.5 years. From AZWE Spartans to Gilbert Baseball Academy, Gilbert High and Blue Chip. Jay is a leader on and off the field. He leads by example with hard work on the baseball diamond and in his daily school life. Jay made varsity as a sophomore, was a team leader. He is an outstanding starting pitcher and a closer. He started out as a starter and with injuries to teammates move to the closer role. He has a strong arm in the outfield and plays all positions in the outfield and has a good glove for 3rd base. At the plate he has shown power and opposite field hitting capabilities all around good hitter. Going into his junior year needs to keep getting stronger in the weight room and trust his stuff on the mound, can be electric. All in all the skys the limit. Great young man on and off the field.

If you have any question please reach out.

Thank you
Michael Rushton
