

Jay Evans was a solid varsity contributor during the 2018-2019 varsity season at Gilbert High School in Gilbert Arizona. Jay helped literally everywhere as the only sophomore on the varsity team. He was a starting pitcher and a closer for the baseball team. During his time as a starter and a closer he was able to help the team in some huge wins. When Jay was not pitching, he was our starting outfielder in all three of the outfield positions. His primary outfield position was center field and did a remarkable job for only being the only sophomore starting outfielder. Jay would basically adjust as a team member for our team to win.

As a hitter, Jay hit throughout the teams lineup and succeeded whenever he came up to bat. Jay as the only sophomore starter on the team had a successful year of hitting just below a 300 batting average along with 2 home runs. He has matured as a player and as a pitcher. Jay is looked upon for the upcoming season as a leader on the team for the underclass men and the upper class men.
